

CURRICULUM VITAE | JOHN P. NEGRINE

April, 2009

PLACE/DATE OF BIRTH: London, England
20th January 1962

NATIONALITY: Dual Australian and British

MARRIED: Wife Jo-Ann. Sons Louis, Charles and Joseph

EDUCATION: 1967 - 1970: Brandelhow School, London.
1970 - 1974: Bellevue Hill Public School,
Sydney. (School Vice-Captain)
1974 - 1979: The Scots College, Sydney

MEDICAL SCHOOL: The University of Sydney,
M.B., B.S. 1985

CURRENT POSITION: Orthopaedic Foot and Ankle Surgeon,
Sydney in Private practice

President Australian Orthopaedic Foot and Ankle Society.
Member National executive 9 years

Joint co-ordinator Foot and Ankle fellowship program Prince of Wales Hospital

POST GRADUATE QUALIFICATIONS:

1985: ECFMG examination.
1986: Part 1, F.R.A.C.S.
1989: Commonwealth Orthopaedic Registrar Royal National
Orthopaedic Hospital London
1993: Part 2, F.R.A.C.S. (Orthopaedics)
1994–1995: Fellow in Foot and Ankle Surgery Baylor University Medical
Centre Dallas Texas

Society Memberships:

- AMA 24 years
- Royal Australasian College of Surgeons
- Australian Society of Orthopaedic Surgeons
- Australian Orthopaedic Association - Fellow
- Australian Orthopaedic Foot and Ankle Society
- American Orthopaedic Foot and Ankle Society
- European Foot and Ankle Society

HOSPITAL APPOINTMENTS

- Prince of Wales Private Hospital, Sydney.
- Hurstville Private Hospital, Sydney.

Interests:

Cycling

Violin member Australian Doctors Orchestra

Languages spoken: English and French

My sons

SAMPLE OF RESEARCH/PRESENTATIONS. (LIST NOT EXHAUSTIVE)**Research:**

1984: "Fracture of the radial head in adults", option term project with Mr J.B. King, London. (Unpublished)

1987: "A year of femoral neck fractures", with Mr D.H. Sonnabend. Presented at Re-union week, Royal North Shore Hospital.

1990: "Synovial chondromatosis in the distal interphalangeal joint". With Mr F.J. Harvey. J. Hand Surgery 15A, 102. 1990.

1990: "Clinical/MRI/Operative/Pathological correlation in refractory jumper's knee". With L.A. Pinczewski and T.J Harrington. Presented at the Annual Scientific meeting

Australian Orthopaedic Association, 1990.
Abstract JBJS 73B, Supp. 1: 11.

1991: "Fractures in children following liver transplant". With Mr M. Bellemore and Dr K. Kozlowski. Presented at the Annual Scientific meeting, Australian Paediatric Orthopaedic Association.

Abstract JBJS 74B, Supp. 1: 102.

1991: "The history of clubfoot surgery: What have we learned in 3000 years?" Presented at the Inaugural Scientific meeting of the Australian Foot and Ankle Society.

1992: "AIDS in 1992 - an Update". With Dr A. Carr. Published in the quarterly bulletin of the Australian Orthopaedic Association, presented at the Annual Orthopaedic Registrars Scientific Meeting.

1993: "Ornithorhynchus anatinus attack in the Antipodes". With Mr. M.A. Tonkin, Presented at the Annual scientific meeting, New South Wales Hand Surgery Society. Published J.Hand Surgery (British and European Volume), 19B, 162 -164, 1994.

1995: "Unusual orthotic solutions in the diabetic". With J.W. Brodsky. Biomechanics Magazine. May, 1995.

1995: MRI/Surgical correlation of tendon tears about the ankle" With J.W. Brodsky, S.E. Harms and J. Fanning. Presented at the annual summer Foot and Ankle Academy Meeting, Vail, Colorado. July, 1995.

1996: "Outpatient diagnosis and management of the diabetic foot." Presented at the AOA annual scientific meeting Perth 1996. Published in "Foot and Ankle Clinics of North America"/ March 1997.

1998: "Biomechanical effects of isolated lateral malleolar fractures" with D. Bell, W.R. Walsh. Presented Orthopaedic Research Society North America, San Francisco 1999. Poster Australian Orthopaedic Association, Cairns. 1998.

"Complications of hallux valgus surgery". Presented AOA Cairns 1998. Invited lecture

"Type 2 Charcot Breakdown in the Diabetic Foot". Presented Combined Meeting of Foot and Ankle Societies, Venice, Italy.

1999: "Biomechanical comparison of various metatarsal osteotomies" Presented International Federation of Foot and Ankle Societies, Kyoto. Japan

Injuries to the tarso-metatarsal joints." Presented at the Australian Orthopaedic Association Continuing education Meeting Canberra.

"Common conditions of the Foot and Ankle". Presented at the Australian Orthopaedic Association Continuing Education Meeting. Terrigal. NSW.

2000: "The Pandey triplanar calcaneal osteotomy" and "Comparison of the Scarf and Basilar crescentic osteotomies" Presented at the International Meeting for Study of osteotomy about the Foot and Ankle, Bordeaux, France.

A biomechanical comparison of the Z step-cut and basilar crescentic osteotomies of the first metatarsal.(with Newman, Zecovic, Walsh and Stanford) Foot and Ankle International. 21:584 July 2000

2001: Hallux valgus correction with modified McBride Bunionectomy and Proximal crescentic osteotomy: Clinical, Radiological and Pedobarographic outcome. (with Brodsky, Beischer, Robinson, Westra and Ford) Presented at American Academy Orthopaedic Surgeons. San Francisco. March 3.
